AGENDA

EDUCATION

- [Anti-Bullying Program Review](#) (Dr. Stoker)
- Goat Therapy (Dr. Stoker)
 - Steinmetz Family Farm will be bringing in 25 goats for our students/faculty to snuggle and interact with.
 - Dates will be May 9th with a rain date of May 11th. Steinmetz will arrive at 8:15. They only need 30 minutes to set up before beginning.
 - This will occur in the grass on the side of the middle school building. Steinmetz will be bringing fencing and a tent.
 - Set up: Two handlers will come with 25 goats. They will have fencing and a tent in case it is hot. They will also set up a sanitization station.
 - We are hosting the program as a stress reliever for students who may be anxious to take statewide testing. Seniors may also be stressed with finals coming up and graduation approaching. It is a fun activity to add to our therapy animal initiative at the high school, which already includes a dog.
 - The groups will consist of students who are taking Keystone exams and Seniors. This includes 275 students.

- The groups would be at 9:00-9:20, 9:20-9:40, 9:40-10:00, 10:00-10:20, 10:20-10:40, 10:40-11:00, 11:00-11:20, 11:20-11:40, 11:40-12:00, 12:00-12:20, 12:20-12:40, 12:40-1:00, 1:00-1:20, 1:20-1:40, 1:40-2:00 (15 total groups of approximately 25-30 students each)
- After the student groups, we will also include faculty from the middle and high schools to interact with the goats from 2:30-3:30. Professional development will be offered at that time regarding social, emotional and mental health.
- The cost for the program in total is \$1,750 (\$250 per hour).
 - The student interaction component is being paid from the HS guidance budget.
 - The faculty interaction/PD component is being paid from ESSER 3B for Staff Social, Emotional, and Mental Health Support.
- CHC Recognition for MS Student Assistance Program (SAP) (Mr. Hauser)
 - [Letter](#) from Mr. Hauser
 - MS SAP [Evaluation](#)
- Summer Programs (Mr. Pyne)
 - [Program Descriptions](#)
