## AGENDA

### Buildings & Grounds

- Safetransport refund
  - In 2021, 2 and 3G cell service was discontinued and it was necessary to upgrade our GPS tracking units on all our buses and vans to 4 and 5G compatible devices.
  - The cost of the upgrade was \$9900.
  - Over the Christmas break of 2021 the new units were installed.
  - We used the devices for 1.5 years
  - Administration felt we were due a partial refund since Safetransport decided to end their services on June 30, 2023, with 2 remaining years left of the original agreement.
  - Administration met with a representative of Safetransport/Computer Aid, Inc.
  - We received word they are refunding \$5500 to us.
  
- Summer student workers and supervisors
  - Administration will partner with PA Careerlink of the Lehigh Valley this summer.
  - All students who are interested in working at Northern Lehigh this summer will be directed to complete their application with PA CareerLink.
  - The PA Careerlink liaison at the NLHS will assist students with completing their paperwork.
  - Students will be employed and paid through PA Careerlink.
  - There is no cost to the district for working with PA Careerlink.
  - The summer supervisor will be an employee of the district and be paid \$15/hr to supervise our students.
