

**NORTHERN LEHIGH SCHOOL DISTRICT
2022-2023 ASSESSMENT DATA**

PRESENTED BY NLSD ADMINISTRATION

JANUARY 8, 2024

OVERVIEW OF STATE ASSESSMENT SYSTEM

FUTURE READY PA INDEX

- Was first used with 2017-2018 data
- Replaced the School Performance Profile (SPP)
 - Pennsylvanians wanted a more holistic tool for evaluating schools.
 - The Future Ready PA Index recognizes that students – and the schools that serve them – are more than just results on standardized tests. It features a collection of indicators that illustrate academic proficiency, on-track progress, and college and career readiness – helping to demonstrate how schools are doing in preparing students for post secondary success.
 - The Future Ready PA Index's dashboard approach heightens transparency around school and student performance by including data on achievement and growth by student group/subgroup.
 - The Future Ready dashboard is easy to navigate - searchable by district, school, career and technical center, or location; and it includes basic information and demographic data for each school. The Future Ready PA Index also features helpful filters and options to compare multiple schools.
